### From the Board

We are looking forward to having a great turn-out at the January General Membership meeting. Annual reports will be given, as well as elections. This is a great opportunity for all members to see the year in review, as well as being involved in the election process.

We currently have 14 people on the waiting list, and 4 openings. The wait time to become a member is much shorter now than it has been. This is a great opportunity to let those people know that have been asking about becoming a member.

## Reminders

REMEMBER: It is the member's responsibility, if actively flying, to maintain a current BFR and Medical. If you don't have either of these, you are not authorized to fly. SAFETY FIRST!! Please don't hesitate to call on any of our [approved instructors](#) if you have anything you would like a "refresher" on, or need to get current.

Please let [Phil Verghese](#) know when you earn new wings levels, or pass other milestones like first solo, new ratings, etc.

If you use or find the booster seat cushions in an airplane, please return them to the table behind 375 after your flight. That way they are available for the next person that needs them, rather than just flying around unused in the back seat of an airplane.
